Section Three: Optional Request for Only Non-Confidential Information (Check box for expedited request)

Please be advised that information excepted from required disclosure (e.g. confidential information) is often included in documents held by the City of Corpus Christi and the City of Corpus Christi Police Department. The City may not be able to release this information. The Texas Public Information Act (codified at Texas Gov't Code Chapter 552) requires a governmental entity to request an open letter ruling from the Texas Attorney General prior to withholding information that is excepted from required disclosure. The Attorney General's Office has 45 days to respond to a request for an open letter ruling. To avoid submission to the Texas Attorney General and to expedite this request, please check the box below if you are willing to request and receive **only** information that is not excepted from required disclosure as determined by the City.

Please provide me **only** information that is not excepted from required disclosure as determined by the City. I understand that some records may be redacted to withhold excepted information (e.g. confidential information). This excepted information includes, but is not limited to: all Social Security numbers, driver's license numbers, vehicle license plate and VIN, all witness information and suspect, arrestee, and complainant confidential information. I understand that checking this box will avoid submission to the Texas Attorney General for an open letter ruling.
